OFFICIAL SECRETARIAT

Singapore College of Insurance

Dear Professor Piotr Manikowski,

The Executive Committee of the Asia Pacific Risk and Insurance Association (APRIA) is pleased to inform you that Poznan University of Economics was selected as the Organizer of the 2017 APRIA Annual Conference and Meetings. We approved your proposed plan unanimously.

We would want to have the meeting towards the end of July 2017 synchronized with other insurance conferences as well as the convenience of the university.

Now is the starting point of your Department and University to prepare for the programs and events of the 21st APRIA Annual Meeting in Poznan, Poland.

We look forward to a very interesting and enriching annual conference and meeting in 2017.

Best regards,

Soon-Jae Lee
President
