Certified Professional Accountants

# CIMA® & University Program

Jump-start your dream career.

# About AICPA & CIMA

The Association of International Certified Professional Accountants® (the Association) represents AICPA® & CIMA® and works to power opportunity, trust and prosperity for people, businesses and economies worldwide.

It represents 689,000 members, students and engaged professionals in public and management accounting and advocates for the public interest and business sustainability on current and emerging issues.

With broad reach, rigor and resources, the Association advances the reputation, employability and quality of CPAs, CGMA designation holders and accounting and finance professionals globally.

## Who can study with CIMA?

You can study with CIMA whether you're a Bachelor, Master or Postgraduate student. You do not need any prior qualifications or experience to start the Certificate in Business Accounting (Cert BA) and can head straight into the business world.

## Get a global qualification to stand out

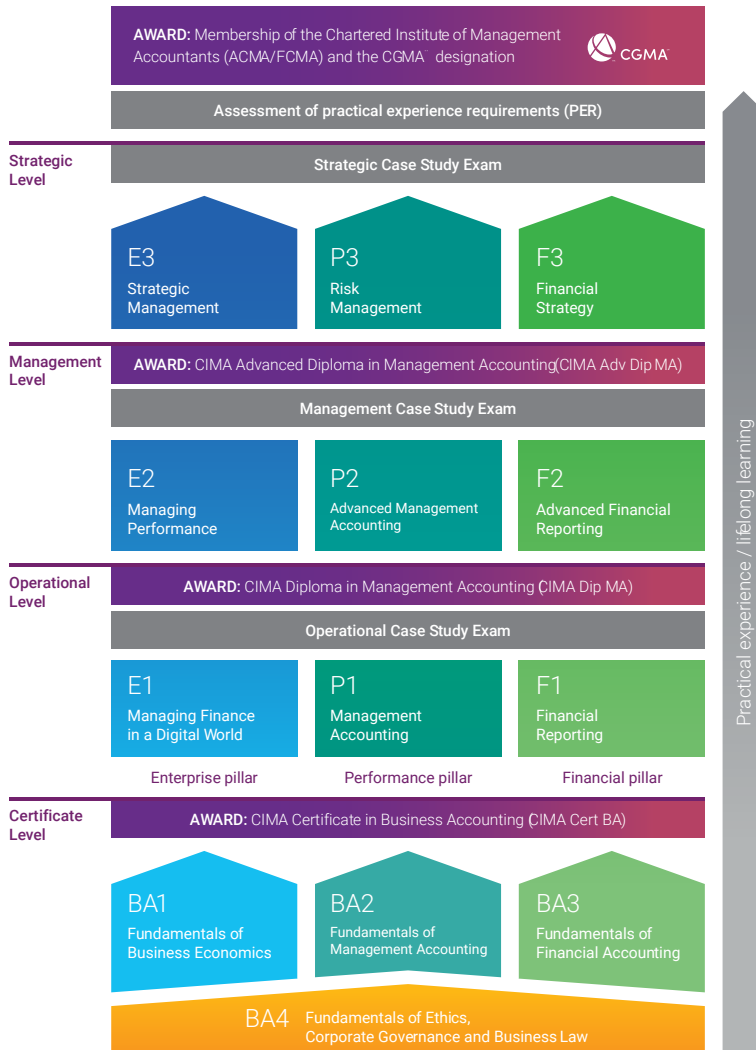

World-renowned CIMA is partnering with the best universities in Poland to create the CIMA & University Program. You can advance your studies by gaining professional qualifications in management accounting for a competitive edge in the job market.

Management accountants are qualified to work across the business, not just in finance, advising managers on the financial implications of big decisions, formulating business strategy and monitoring risk.

# The Program structure

The CIMA & University Program is implemented through selected courses at the university. Students who complete all required courses are exempt from specific CIMA exams. After passing the final external exam, they can obtain a CIMA designation at two or even three levels: Certificate level, Operational level or Management level.

# Why study CIMA?

1. **Future-proof your degree even more with new skills** – Gain a competitive edge while studying.
2. **Meet the expectations of a changing world** – CIMA gives you a confirmation of the highest competencies in business and finance.
3. **Unlock the global job market** – Join a community of 689,000 finance professionals and expand your network.
4. **Boost your earning potential** – A CIMA diploma can increase earnings by up to 86%.
5. **Start your journey to international success with the CGMA designation.**

We're here to support you every step of the way as you work hard to attain the CGMA designation and career success.
