A photograph of three young adults, two women and one man, sitting on stone steps in front of a large, historic stone building with arched windows. The woman on the left has curly brown hair and is wearing a grey jacket over a red shirt. The man in the middle has short dark hair and is wearing a maroon jacket over a white t-shirt. The woman on the right has long dark hair and is wearing a blue sweatshirt with a graphic of a sun and moon and the words 'MOON STARS'. She is waving her right hand. The background is a large stone building with classical architectural features.

WHY NTU?

OUR STUDENTS SAY IT BEST...

I have had a great time at NTU. Moving halfway across the world is always a challenge, but the University provided so much support to make the transition a lot easier.

My time here has had a huge impact on my personal development, as a student and researcher. One thing I have really enjoyed is the fantastic facilities available for everyone across all the campuses. Studying here has allowed me to embrace new challenges and possibilities, something I very much appreciate.

Dustin Sumartlie, Indonesia
BSc (Hons) Computer Science

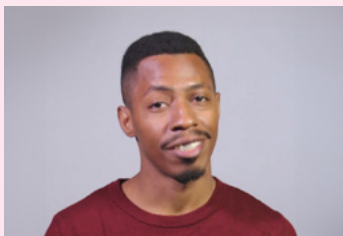

NTU has become my home away from home. From the very first day, I was welcomed warmly into the diverse student community and received incredible support.

I've learned that connecting is key to making the most of my time here. So, all new international students, I encourage you to join a club or a society and take part in activities! And go to the Global Lounge – it's the best place to meet students in a warm and inclusive setting.

Alice Corti, Italy
BA (Hons) Marketing

Studying civil engineering in the UK was a once-in-a-lifetime opportunity. I couldn't have done it without the support of Nottingham Trent University, who were always there to help. Everyone made me feel super-welcome, both my tutors and my fellow students. I also feel safe here which is really important.

My advice for others? Embrace new experiences and make the most of your time here. I've grown my skills and as a person. Education does have the power to change

LIVING COSTS AND BUDGETING

Living in Nottingham as a student is cheaper than in bigger UK cities, such as Manchester, Birmingham, or London. Still, it's really important that you are well-prepared and budget carefully. It isn't just your fees you will need to pay; you will have immediate costs when you arrive, and daily, weekly, and monthly expenses too.

How much you spend depends on your own lifestyle and you may find that the cost of goods and services in the UK is quite different to your own country. Here is an approximate guide to what you can expect to pay as a student at NTU.

Visit ntu.ac.uk/managing-money for more advice.

Budgeting

There are many ways to save money while you're here – using your student card for discounts in shops and on transport, for example.

Your daily, weekly and monthly costs will mostly be for your accommodation, food, entertainment and bills. There's lots of advice on budgeting and discounts on our website - take a look!

Approximate costs of studying in Nottingham per month:

 **Household bills:** £69

 **Groceries:** £146 - £200

 **Socialising (eating out with friends):** £60 - £100

 **Travel:** £67

 **Clothes and shopping:** £40

 **Health and wellbeing (e.g. gym membership):** £24

 **Course materials:** £20

Based on *National Student Money Survey 2025*, and student feedback.

Visit ntu.ac.uk/visa for the most up-to-date information.

LIVING COSTS AND BUDGETING

There's maybe a perception among international students that the UK is more expensive than Australia or the US. But it's really not!

I lived in a private house, with bills included. Walking to the University most days helped me get some exercise and saved me transportation costs! I learned how to cook and worked out which ingredients I needed to buy each week, so I rarely ordered takeaways.

Student discounts are very useful, as they are applicable to transport, shops, and online shopping.

If your institution does not have an agreement in place with us, you could still study as an exchange student at NTU as a fee-paying student.

We will ask to see a transcript from your home institution as part of the application process.
