

Supply Chain Digital Controlling Intern

Your Tasks:

If you have a knack for technology, enjoy working with large datasets, and are curious about how systems, data and processes come together, we'd love to hear from you. As part of our Supply Chain Controlling team, you'll help transform data into meaningful insights that support real business decisions.

This is a great opportunity to deepen your business knowledge while gaining hands-on experience with modern IT and analytical tools. We're looking for people who enjoy exploring systems, solving problems, and finding smarter ways of doing things. You'll have the opportunity to analyze data, improve reporting and help build efficient solutions that make information more reliable and decision-making more effective.

Your Profile:

- Student of Economics, Data Analytics, Information Systems, Finance
- Strong analytical mindset and curiosity about how systems and business processes work
- Good knowledge of Excel (pivot tables, formulas) and Power Query
- Genuine interest in AI, digital tools and technology, comfortable going beyond chatting with AI
- Passion for finding efficient solutions - uncover patterns, automate repetitive tasks and help design smarter digital solutions
- Attention to detail and problem-solving skills
- English proficiency (min. B2)
- Availability of at least 30 hours per week (2 days HO, 3 days from Gnieźnieńska 32, Poznań)

Nice to have:

- First experience in data analysis or system/processes efficiency projects
- Interest in automation, digitalization, and continuous improvement
- Basic knowledge of Power Automate, Power BI/Tableau/Alteryx, Copilot, other analytical/AI tools

What we offer

- Real hands-on experience in Supply Chain controlling team
- Working with data that directly influences business decisions
- Mentoring and support from an experienced analyst
- 6 months contract
- Flexible working hours - start time between 07:30 and 09:30
- Hourly rate of 35 PLN
- Hybrid work model - possibility to work from home 2 days per week (after onboarding)
- Work in an international environment
- Company canteen with subsidized meals
- On-site gyms
- Company shop with NIVEA, Bambino, and Eucerin products at preferential prices
