

Kickstart your career as a **Microsoft Dynamics 365 Analyst or Consultant!**

365.Academy by SIS, LLC is a **paid internship program designed for future Analysts and Consultants of Microsoft Dynamics 365 ERP.**

Our goal is to help you choose your career path within the Microsoft Dynamics 365 ecosystem, gain practical knowledge and skills, and prepare for further growth toward a Consultant role.

365.Academy Intern

What the Program Looks Like

- The internship lasts about 12 weeks (3 months) for the initial 365.Academy program.
- You'll learn core ERP functionalities and gain hands-on experience with our systems.
- After training, you'll join a team to apply your new skills in real projects.
- During the Academy: 20 hours/week, 1 day in the office/week
- After successful completion ($\approx$ 3 months): transition to full-time employment, 3 days in the office/week.

Who We're Looking For

- Recent graduates, fourth or fifth-year students, or professionals ready to start a career in IT.
- Fields of study: management, production management, economics, computer science, and related disciplines, but we welcome anyone eager to learn!
- English proficiency (B2+) is required, as the program is conducted entirely in English.
- Motivation to work full-time after completing the 365.Academy.

Why Join 365.Academy?

- Work in an international environment within an American company.
- Enter the IT world without programming experience.
- Gain hands-on knowledge of Microsoft technologies.
- Work in English and develop professional communication skills.
- Flexible working hours during the internship.
- Real growth opportunities and the chance to transition to a full-time role.
